Property Description

The Sustainable City by Aldar on Yas Island, Abu Dhabi, is a pioneering eco-friendly community designed to promote sustainable living. This innovative development focuses on social, environmental, and economic sustainability, offering residents a harmonious lifestyle in a green environment. Key Features: Eco-Friendly Design: The community features solar panels, energy-efficient appliances, and car-free zones to reduce carbon emissions. Urban Farming: Residents can grow their own produce in the urban farms, which form the Central Green Spine of the city. Luxurious Living: The community includes spacious villas and townhouses with nature-inspired architecture. Amenities: The Sustainable City offers a range of amenities, including a mosque, medical services, schools, a supermarket, and various recreational facilities. Transportation: The community encourages the use of public transport, horse buggies, and electric vehicles, with over 250 charging stations available. Community Overview: Green Living: The Sustainable City is ideal for those looking to lead a healthy lifestyle amid lush greenery with all urban facilities within reach. Energy Conservation: The community has saved thousands of tons of greenhouse gas emissions, showcasing its commitment to sustainability. Family-Friendly: With schools, parks, and recreational areas, it is a perfect place for families Call us today : Vesta Real Estate Management Tel:+971 2 6763755 Vesta Real Estate Providing a professional service to our clients whose requirements we consider as paramount.
